

RISK PROFESSIONALS

PESSIMISTIC ABOUT IoT RISK IN THE NEXT TWO YEARS

Believe it is likely that in their organization...

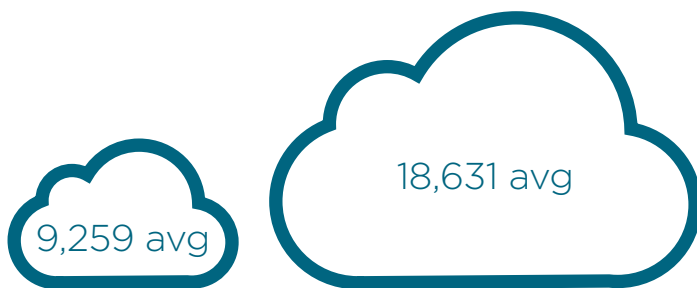

BECAUSE ORGANIZATIONAL BEHAVIOR DOES NOT SUPPORT IOT RISK

Key findings show that...

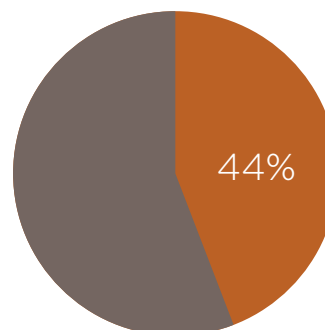

IoT Proliferation

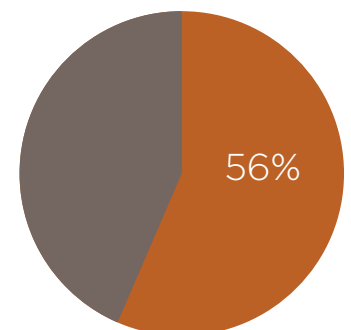

Third Party Risk Programs for IoT not in place

Number of IoT devices at their organization expected to double in two years

Monitor IoT risk

Have a third party risk program

[24% of these rate program highly effective]

Data from survey conducted independently by Ponemon Institute LLC - "The Internet of Things (IoT): A New Era of Third Party Risk" May 2017
